Dates to Remember

May 26 Last Day of School!
TBA Awards Night

A Note from Sis Coffey...

This week we have began reviewing over all we have learned this year. Every student will have homework (studying) every night for the next two weeks.

Reminder:

Please **NO** athletic pants during the school day. They can be worn for gym only!

ALCA Helpers

Thank you to:

Jackson
Sierra
Sarah D
Summer
Logan M
Preston
Larissa

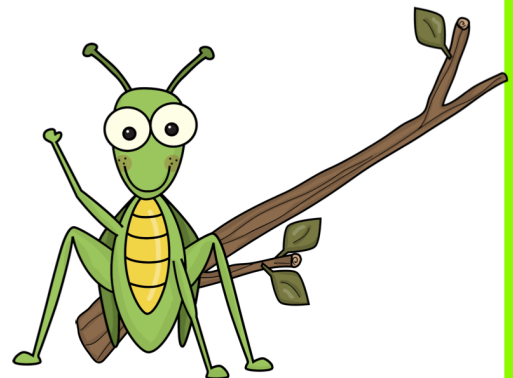

For your help at ALCA this week!

1st Grade

- We learned the story of Stephen in Bible class! We are reviewing in Phonics and Language and in Writing, we wrote a story about "Summer Fun". In Math, we are learning multiplication and in Spelling, we are learning words with special sounds that we have previously learned in Phonics. We learned about safety habits around home, the swimming pool, and the playground in Health class. We are reading our primary Bible reader and Animals of the Outdoors and lastly in Art, we will be making a spring project!

3rd Grade

- We read the story about Queen Esther in Bible class and in History, we are learning about Martin Luther King, Jr. We continued reading Pilgrim's Progress in Reading class and in Math, we are reviewing over everything we have learned this school term. Lastly, in Art, we will be doing a watercolor of a wharf and ocean scene!

English 7-11

We are learning how to improve our writing style.

Science

7th: We are learning about "Nutritional Relationships in an Ecosystem".

8th: We are studying "Land & Water Pollution".

9th: We are learning about "Connecting the Systems".

10th: We are learning about "DNA: The Regulation of Life".

11th: We are learning about "Lipids".

History

7th: We are learning about "Change in the New Millennium".

8th: We are studying the topic "In Defense of Freedom".

10th: We are studying Southeast Asia.

11th: We are learning about "The Bush Administration".

Math

7th: We are advancing in Algebra by learning how to combine like terms.

8th: We are beginning our final review to prepare for our final exam!

9th: We are learning how to graph parabolas in standard position.

10th: We've been learning about logarithms and antilogarithms and reviewing for our final exam!

11th: We've reviewed over our formulas that we've learned so far this year.

Specials

Music – We continued working on our song, "Elohim" for our end of year program!

Bible – This week we finished our topic of kingdom praying. Please help your kids memorize Psalms 42:1-6 this week!

Art – Art will not resume until the last week of school for our middle school class.
