Dates to Remember

Oct 1 – October Tuition Due
Oct 20-21 ALCA Fall Break

A Note from Sis. Coffey...

Thank you to all who attended ALCA's 2017-2018 Open House last Tuesday, Sept. 19! Have a great weekend!

English (All Grades)

We've been learning about commas, hyphens, semi-colons and colons. All students should be reviewing for Test #2.

2nd Grade

- We started memorizing John 14:1-6 this week in Bible class. We are working with our sound charts, spelling word lists, and learning correct punctuation in Phonics/Language/Spelling classes. We continue reading "The Lamb" for Poetry class and in Reading we are reading Treasure Chest. In Health, we are studying how our bodies use food. In Math, we continue to use odd & even numbers as well as ordinal numbers. Lastly, in Art, we have drawn several drawings using crayons that tell a story.

4th Grade

- We will be learning the books of the Old Testament in Bible class. We are learning the use of quotation marks, commas, underlining and apostrophe rules in Language. In Math, we are learning the logistics of measuring! In History, we are studying the 13 colonies of the USA. We are learning the names and parts of flowers and trees in Science class. We also continue studying state birds. We are reading "Window Boxes" in Poetry class and in Art; we are learning our primary and secondary colors. Lastly, we are reading Salute to Courage for our book report, which will be written next week!

History

8th: We are learning about the War of Independence.

9th: We are studying Central Europe.

10th: We are learning about Greek culture.

11th: We reviewed Ch. 4 & 6 and took Test #2!

12th: We are learning about America's Government.

Science

8th: We've reviewed this week about Volcanoes, Earthquakes, and took test #2.

9th: We are learning how to measure thermal energy.

10th: We are learning about Fungi and are discussing our Science projects.

11th: Students need to continue studying CPD Chapters for the test on Monday, Sept 25!

Math

8th: We are learning about commission and sales.

9th: We reviewed equation solving, absolute values and took Test #2.

10th: We are reviewing inequalities and quadratic equations for our upcoming Test #2.

11th: We are studying congruent shapes and complementary angles.

Bible Class

This week in Bible class students continued in the pathway of learning the names of God in both the Old and New Testaments. Our goal is to know God in such a way that we reveal more and more of who He is in our lives. Next week is our big test on the names of God. **PARENTS** please make sure your child is studying and preparing for this test!
