Dates to Remember

Oct 2 Board Meeting 7P
Oct 19-20 Fall Break
Oct 24-25 Parent/Teacher Conferences

A Note from Sis. Coffey..

Science projects are starting and need to be completed at home. This is not a class project 😊

English – All Grades

All students should have a new book to be reading for their next book report. It should be completely read by October 18th!

Students are also learning how to identify and use subjects and verbs.

2nd Grade

- We continued the story of Moses this week in Bible class and in Math we are counting to more than 200! We are learning how to tell time using the ½ hour and we also are learning how to combine coins and dollars for a total. We are reading "Wynken, Blynken, and Nod" for Poetry class and our new reader is called Hidden Treasures. In Health, we are learning the parts of the skin and we are also learning how exercise helps our body. Lastly, in Art, we painted rocks, catalpa leaves, and we also worked on a picture called "Apples of Gold" that references Proverbs 25:11.

4th Grade

- We are studying the story of Abraham, Hagar, and Ishmael in Bible class. In Math, we are working with money dividends and averaging of numbers. We are reading Adventures in Other Lands and in Language, we are learning how to capitalize important words. We are learning about the 13 colonies in History class and in Science, we are learning the parts of flowers. Lastly, in Art, we worked on our October calendar.

History

8th: We are learning about President George Washington.
9th: We are learning about Scandinavia.
10th: We are learning about "From Republic to Empire" and "Modern Europe".
11th: We are studying the administration of John Adams.
12th: We are learning about America's government.

Math

8th: We are learning how to find percentages of loss and gain.
9th: We are studying slope.
10th: We are learning about polynomial and quadratic equations.
11th: We are learning what corollary and parallel lines are.

Science

8th: We are learning about rock substances of the Earth.
9th: We are studying the heat and change of state.
