## Dates to Remember

Feb 5 Board Meeting @ 7  
Feb 19 Snow Make-Up Day  
(President's day)

All Science Projects are due  
February 22<sup>nd</sup>!

### A Note from Sis. Coffey....

We are starting to get adjusted from being on Christmas Break and then having snow-days. Parents: Please continue working with your child/children on their Science projects!  
Stay warm and have a great weekend!

We are soon approaching  
our

# 100<sup>th</sup>

day of school!

## 2<sup>nd</sup> Grade

- We are quoting Psalms 1 in Bible class. This is for a grade! In Phonics we are learning about suffixes and prefixes.
- In Reading, we are reading Sunshine Meadows and in Math, we have been introduced to multiplication.
- We continue writing in our journals in Writing class, and in History, we are learning the songs of America. Lastly, in Art, we made a "candy tree" with drawings of our favorite candy!

## 4<sup>th</sup> Grade

- We are quoting Corinthians 1:1-13 in Bible class for a grade! We have also started learning the story of blind Bartemaeus. In Math, we are subtracting and adding fractions. We are also learning how to change improper fractions!
- We are reading Flags Unfurled – Daniel Boone's Wilderness Rd in Reading class, and in History, we are learning about our state's History!
- In Science, we are studying Geology; Planet Earth.
- Lastly, in Art, we made a January calendar!

## History

8<sup>th</sup>: We are learning about the Civil War.

10<sup>th</sup>: We are learning about the life of John Wesley.

11<sup>th</sup>: We are studying the New Opportunities for Women.

## Science

8<sup>th</sup>: We are studying the Weather.

9<sup>th</sup>: We are learning about the Momentum Quality of Motion.

10<sup>th</sup>: We are learning about Natural Selection and Genetic Variety.

11<sup>th</sup>: We are learning about the uses of Chlorine.

## Math

8<sup>th</sup>: We are learning how to graph.

9<sup>th</sup>: We are studying general factoring: leading coefficients other than 1.

10<sup>th</sup>: We are learning about exponential and logarithmic functions.

11<sup>th</sup>: We are learning about the circle and intersecting loci.

## English
