## Dates to Remember

Feb 19      Snow Make-Up Day  
Feb 22      Science Projects  
                 Due!  
March 5     Board Meeting @ 7  
March 20-21 Iowa Testing

## A Note from Sis. Coffey..

We've had a great week!  
Students need to complete  
their Science projects and  
have them turned in by  
Thursday, February 22.  
Have a great weekend!

## English 8-11

We are reviewing adjectives  
and their uses. We are studying  
for Test 8 as well.

## 2<sup>nd</sup> Grade

- In Bible class, we have been studying the story of Ruth. We are working on multiplication tables 0-2 in Math class and have also started division as well as learning pounds and ounces. We are currently reading Silver Sails for our daily reader and in Writing; we continue our daily journal entries. In History, we are learning to recognize and name the states. We are reading "The Lamplighter" in Poetry and in Art; we drew a "Peacock" sketch.

## 4<sup>th</sup> Grade

- In Math, we are reviewing multiplication factors and the least common multiple. Our reader is called Adventures in Other Lands and we are also timing how many words per minute we can read! We are diagramming sentences in Language class, and we are also reading a book for our upcoming book report. We are learning about marine invertebrates in Science class and in Indiana History, we are learning about our government and officials. Lastly, in Art, we drew a sketch of an Eagle.

## History

8<sup>th</sup>: We are reviewing for Test 8.  
10<sup>th</sup>: We reviewed over Australia and New Zealand and also reviewed for Test 8.  
11<sup>th</sup>: We reviewed over Theodore Roosevelt: Domestic Affairs and also reviewed for Test 8.

## Math

8<sup>th</sup>: We reviewed how to balance a checkbook, interest and principle, and took Test 8.  
9<sup>th</sup>: We continued learning about square roots.  
10<sup>th</sup>: We reviewed hypotenuse, adjacent, and took Test 8.  
11<sup>th</sup>: We are reviewing proportion transformations.

## Science

8<sup>th</sup>: We reviewed weather and atmosphere and took Test 8.  
9<sup>th</sup>: We are reviewing "speed of sound" and studying for Test 8 that is on Tues. Feb. 20.  
10<sup>th</sup>: We are reviewing about gnawing animals and studying for Test 8 that is on Mon. Feb. 19.  
11<sup>th</sup>: We continue learning about colloids.

### Grades 8-10!

Students are doing a research paper for English class. They are given some time in class, but should be working on this paper at home too!

## Specials

Music: Students were quizzed on music symbols, rhythm, and instrument families. Students were also introduced to a new project called the "Composer Project" that will be due Friday, March 10!

Bible: In Bible this week, we started a new teaching series on the history of Israel and the correlation with the prophets. Please make sure your kids are learning their verses and attempting to study their notes. Engage with them at dinner and ask them questions
