May 21-25	Competition in Knoxville
May 26	Students Return Home
May 29	ALCA Awards Night 7:00
June 10	Last Tuition Payment Due
June 10	Student Packets Due

A Note from Sis. Coffey...

We finished all finals this week!!!
This week was busy reviewing Math &
completing our Math finals.

Can't believe we have finished another
school year! God is so good. We've had
a wonderful year. Hope everyone has a
great summer!

Bible Class

This year's bible class has been an eventful one. Although the last 9 weeks have seemed a little less productive due to students having their eyes set on summer, we have definitely learned and processed a lot of information. I believe that every single student has grown this year in knowledge and understanding. I want to give a shout out to Sarah Coffey who will be graduating this year and started my bible class as a freshman. Wow how time flies. Your students have learned a plethora of topics this year that I would encourage you to ask them to get out their notes and teach some of what they learned to you. If each student took the time to memorize their verses this year they memorized approximately 312 verses of scripture this year. That is 312 verses in 294 days counting weekends. I feel that is quite an accomplishment and should be celebrated. We are looking forward to next year with the possibility of a growing school. It will bring new challenges for my bible class. Students will not all be on the same page going into school and so we hope to have another year of growth next year not only physically, but academically. May God bless each of your children this summer.

Music Class

Students that are participating vocally in the competition next week have been working on their pieces. We wish them the best of luck and can't wait to see how they do 😊

All students reviewed their choir song they will be presenting May 29th at our Awards Ceremony. The song is called "Do It Again" by IBC. Please have your child continue listening to this song as awards night is almost two weeks away.

Field Trip

Elementary students visited Trader's Point Creamery this week. Students toured the dairy farm, got to meet the Brown Swiss cows, and eat lunch at the Loft!

Students finished the day by having ice cream once returning to Danville 😊

Happy Summer!
